OBJECTIVE

Passionate software developer skilled in Java, Spring Boot, Node.js, and React.js. Experienced in building scalable applications using MySQL and MongoDB. Proficient in front-end development with Angular, HTML, CSS, and JavaScript. Strong understanding of API development and Agile methodologies. Eager to contribute, learn, and collaborate on dynamic projects in a fast-paced environment.

PROJECTS

Online Bookstore ⬈ | AngularJS, Java Spring Boot, MySQL, Eclipse,VS Code, AWS   **April 2024**

- Developed a web app with separate frontend (AngularJS) and backend (Java Spring Boot) servers, including REST APIs for core logic and integration of a third-party AI Chatbot for instant user query resolution.
- Implemented Customer module for user management and transactions, Publisher module for book management and sales tracking, and Admin module for overseeing users and content.
- Hosted the project on AWS using RDS for database management, Elastic Beanstalk for deployment, S3 for storage, and EC2 for server hosting.

E-Commerce Website ⬈ | Express.js, MongoDB ,HTML/CSS/JS, NodeJS, VS Code   **February 2024**

- Developed a scalable web-based shopping system using Express.js, MongoDB (Mongoose), and Passport.js with Google OAuth 2.0 for secure authentication and registration.
- Designed a responsive frontend with EJS, integrated Razorpay for secure payments, and used Express-Session for efficient session management, ensuring a personalized user experience.
- Enhanced customer engagement by integrating Botsonic AI chatbot for real-time support and managing over 2500 custom entries, following Agile methodologies.

Portfolio Tracker Website ⬈ | React.js, Spring Boot, MySQL, VS Code, Eclipse   **January 2025**

- Developed a full-stack stock portfolio tracking application with a React.js frontend and a Spring Boot backend, integrating REST APIs for real-time stock data retrieval and user portfolio management.
- Implemented MySQL for data persistence, enabling users to track investments, view historical trends, and generate financial reports.
- Integrated authentication and authorization mechanisms, ensuring secure user access and personalized portfolio insights.

CERTIFICATIONS

Java Full Stack Professional *Edu-Bridge pvt. ltd.*	**June 2024**
Internship in Web development *C-Tech Continentals, Navi Mumbai*	**August 2020**

EDUCATION

Bachelor's degree in Computer Engineering., Mumbai University (CGPA : 7.44)	**2021 - 2024**
Diploma in Computer Engineering., Pillai HOC Polytechnic (Percentage : 82.06)	**2018 - 2021**
SSC(10th)., PRIA School., Rasayani (Percentage : 62.40)	**2018**

CORE SKILLS

- Problem solving ability
- Attention to details
- Organizational ability
- Analytical mindset

TECHNICAL SKILLS

Languages: Java, JavaScript, SQL, NoSQL, C, C++
Developer Tools: VS Code, Eclipse IDE,Postman, MySQL Workbench
Technologies/Frameworks: Spring Boot, Hibernate, NodeJS, ExpressJS, AngularJS, GitHub

EXTRACURRICULAR

Secured 2nd position in Bug Hunting Competition: Participated in identifying bugs within C/C++ codebase during college event.
